Perforated Window Vinyl

60/40 Perforated Window Vinyl is a white vinyl that has been specially designed for one-way viewing capability. It has been laminated onto black vinyl and perforated to enable printing on one side while still allowing one to see through from the other side. The holes are 1.5 mm in size creating 60% printable area and 40% open area. Perforated Window Vinyl contains a repositionable adhesive allowing for easy application and removal after 1 year (depending on the application and environmental conditions). Try our economical 6-mil DMS perforated window vinyl or Roland's 7-mil featuring a synthetic liner for more efficient feed and dry times. Great for flat surfaces, vehicle & fleet graphics, point-of-purchase displays, window graphics, outdoor signage, and more!

Note: Optically clear overlaminates is required for perforated window vinyl to ensure visibility.

DMS Matte Removable Wall Vinyl

As the name suggests, this product is a 6-mil, matte, white, semi-rigid, removable, printable vinyl media. It features an ultra-low peel adhesive which allows for super easy removal. It has an outdoor durability of up to 5 years when laminated and can be used as a multi-purpose solution for a variety of jobs. Great for wall graphics, posters & presentations, point-of-purchase displays, trade show graphics, indoor signage, temporary decals & signage, seasonal decorations or as decor: wall coverings/murals, door/wall decoration. Note: A ¼" border around the graphic is recommended to prevent edges from lifting.

DMS3990154	DMS 6-mil Matte Removable Wall Vinyl 54"x150'	\$362.20
DMS39901SMPL	DMS 6-mil Matte Removable Wall Vinyl 30"x15' Sample	\$20.00

Other sizes available upon request.

Note: Wall graphics are best applied to smooth, flat surfaces. Application of wall media to uncured paint can negatively affect the graphics' adhesion to the surface. Consult primer/paint manufacturer's recommendations for dry and cure times. Removal of wall media can cause damage to the applied surface due to a variety of uncontrolled variables. Stahls' Canada is not responsible for damage to applied surfaces caused by removal of media, including those products with removable adhesive. Before using, we strongly recommend testing of the product to determine suitability for its intended use.

Roland® Backlit Film

Roland® Backlit Film is an 8-mil translucent, printable polyester media perfect for backlit applications whether the light is on or off. It produces high quality images with rich colour density and 90% opacity. It is available in either a glossy or matte finish. This durable media features a high contrast finish and it dries quickly allowing for greater efficiency. It is highly scratch resistant and does not require lamination making for an economical alternative to other media. Great for point-of-purchase & retail displays, light boxes, general transit advertising, bus shelters and other backlit signage.

This powerful device brings increased profitability with its ability to print and cut a variety of different jobs on a broad range of media. Automatic contour cutting eliminates the need for reloading/repositioning. Includes VersaWorks® and R-Works software. The BN-20 is an affordable, user-friendly option for desktop printing/cutting. Perfect for any start-up business or can be used as a back-up to compliment your current operations. Great for a variety of different printing jobs including apparel heat transfers and small signs.

RBN20 Roland® VersaStudio 20" Printer/Cutter

Roland® TrueVIS™ SG series printer/cutters offer the quality and versatility that will make you feel confident about the quality of your projects. It features extreme colour quality, integrated printing and contour cutting, with high-tech ease-of-use. The SG delivers it all at an unbeatable value. Two new FlexFire™ printheads distribute dot patterns more efficiently for high quality images and colour without high ink consumption. This new ink system offers low-consumption, and low-cost production with maximum output. Manage the functions of the SG printer/cutter remotely using a smartphone or tablet with a Bluetooth connection for ease of use. TrueVIS colour is achieved with FlexFire printheads and delivers a wide gamut of stunning, colourful images for an incredible price.

RSG300 Roland® TrueVIS SG300 Printer/Cutter
Available in 30" & 54" Printer/Cutter.

Roland® TrueVIS™ VG Series introduces the latest game changing technology to inkjet printer/cutters bringing customers both maximum versatility and profitability. New FlexFire™ print heads with precision droplets, along with eco-solvent TrueVIS inks produce high quality vibrant images at cost-effective rates. These completely redesigned machines deliver unsurpassed results to a variety of graphics including decals, labels, banners, vehicle graphics, signs and posters. The TrueVIS™ VG comes with a Bluetooth-enabled Roland DG MobilePanel so you can now manage your print/cut jobs from anywhere in your office using a mobile device. The TrueVIS™ VG Series is Roland's most innovative printer/cutter series yet.

RVG540 Roland® TrueVIS™ VG Series 54" Printer/Cutter
64" Printer/Cutter also available upon request.

Roland® Texart™ RT-640 Dye Sublimation Printer is a large format (64") printer that can be used to create sublimated transfers for sportswear, decor, point-of-purchase displays, trade show exhibits and much more. The Roland® Texart RT-640 was designed to simplify the process of creating sublimated graphics and provides superior quality. Designs are printed onto transfer paper, which are then applied to fabric using a heat press.

RRT640 Roland® Texart™ RT-640 Dye Sublimation Printer
Find Sublimation Transfer Paper on page 10.

Royal Sovereign 65" Width, 14" Infrared Drum Calendar Press RHPI-1835 is the perfect solution for entry into small to medium volume production of sublimated fabrics. Engineered for fast piece to roll production of apparel with the versatility to handle roll to roll production. The Infra-Red heating technology provides all the benefits of traditional oil heated calendars without the extended warm up times. A continuous quality transfer is achieved every time through the precise regulation to ensure actual temperature stays within a 1% variance of the desired temperature. The RHPI-135 Anti-Ghosting features helps prevents images from stretching or skewing during the sublimation process. Save time with the 8 programable cycles to ensure calendar press to ready to go when you are.

Roland® VersaUV LEF Series comes in a choice of entry-level, mid-level or production level of benchtop UV printers. Allowing direct printing capabilities on virtually an unlimited range of promotional products, and signage. Optimized table motion and cleaning cycles significantly reduces the time required to set up and print jobs. The Eco-UV4 Ink allows for gloss and matte finishes including multi-layering simulate for embossed and 3D effects. Automatic Ink Circulation System prevents pigments and white ink from settling in ink lines and reduces the running cost by minimizing white ink wastage. New VersaWorks Dual RIP Software allows the ability to set up media, generate layers of White, or create special effects within the RIP which lets users spend less time preparing and more time printing.

Roland's new Texart SBL3 Dye Sublimation Ink delivers superior image quality, while keeping productivity in mind. The RT-640 offers a choice of a four-colour or eight-colour configuration. The four-colour (CMYK) mode produces bright colours, improved gray scale with subtle gradations, and high quality fine details. In the eight-colour (CMYKcLmOrVi) mode the colour gamut is increased even further with Orange and Violet inks that create vibrant reds, oranges, deep blues and purples. The addition of Light Cyan and Light Magenta also provide subtle gradations and realistic skin tones.

LASER CUTTERS & ENGRAVERS

A faster and easier way to cut Twill™ and CAD-CUT® media!

The **GCC LaserPro X252** offers an economical laser cutter and engraver. The Laser-Pro X series is equipped with a dependable sealed CO2 laser which offers a reliable source of 80W and 100W of power for mass production requirements. Perfect for small signs, trophies, awards, name tags, rubber stamps, and much more. This convenient, innovative CO2 engraver is your best choice for adding engraving capabilities to your business.

The **GCC LaserPro Spirit LS** distinguishes itself from the competition by combining output quality, reliability, and user-friendliness. With an abundance of useful and innovative features, the Spirit LS sets the standard as the industrial benchmark for laser engravers.

Visit: Stahls.ca/laser-engraver for more information.

LASER ACCESSORIES & CONSUMABLES

Seklema Tablemats

Multi-purpose self-healing mats that can be used not only for lasers, but computerized engraving machines, routers and more. Seklema Tablemats are double-sided which increases the product life and allows items to be easily tacked down without the use of clamps. It is easy to remove, but won't slip or move during operation. Great for cutting vinyl media. Available in two sizes:

LTM1624	16" x 24"	<i>Call for pricing</i>
LTM2424	24" x 24"	<i>Call for pricing</i>

GCC SmartBOX Cutting Accessory & Honeycomb Table Assembly

Compatible with the GCC LaserPro Spirit LS. The SmartBOX drawer allows for easy collection and removal of fallen debris while the Honeycomb Table allows for easy ventilation of heat, smoke, and vapors produced by the cutting process. Ideal for laser processing of fabrics and twill.

GCC29003087G *Available by Special Order only.*

DID YOU KNOW?

*Clean your Seklema TableMat with water and a lint free cloth.
After cleaning, your Seklema TableMat will experience a restored tack level.*

Purex Digital 300i Extraction Unit

Compatible with the GCC LaserPro X252, C180 and the Spirit LS (with the appropriate connection kit). The Purex Digital 300i Extraction Unit has been specifically designed to prevent users from inhaling hazardous fumes & dust created by the laser process. The HEPA filtration removes 99.997% of particles (down to 0.3 micron partical size). This stainless steel unit is user-friendly, easy to install and has a quiet operation. The compact design mounted on four casters allows for easy placement in the production area or showroom as well as mobility for re-location. It features a dedicated control & monitoring system with clear, informative graphic displays. This particular extraction unit has lower energy consumption through its variable speed motors & automatic flow control which will help to reduce your overhead costs.

PX0LX3001

*Call for pricing***Purex Fume Extraction System Alpha 400**

Keep your workplace and the environment safe with this extraction system. Using the HEPA filter to capture particles and fumes produced by laser engraving, the system helps prevent damage to your laser engraver, protects machine operators and other personnel from hazardous fumes and maintains a constant air extraction rate.

GCC2990AL4103

*Available by Special Order only.***Purex SLS/X252 2.3m Connection Kit – 100:80mm**

Compatible with the GCC LaserPro Spirit LS, the X252 and Purex 300/400 series extraction units. This kit contains all of the necessary couplings, clips & hoses for connection of a laser cutter/engraver to connect with the extraction unit. It is comprised of high quality, heavy duty construction for durability and longevity. This kit includes: 1 x 80 mm female coupling, 2 x 70-90 mm hose clips, 1 x 2 m by 82 mm flexible hose, 1 x 100-80mm reducer, 1 x 0.3 m by 100 mm flexible hose, and 2 x 90-120 mm hose clips.

PX120288

*Available by Special Order only***Purex Main HEPA/Chemical Filter – Alpha 300/400**

The main filter for Purex 300/400 series extraction units filters small particles at 99.997% down to 0.3 microns in size. Featuring a chemical layer that absorbs a wide variety of gases and vapours ensuring a safe work environment. This quick and easy change installation filter is manufactured from pleated material. It incorporates reinforcement strips to separate the pleats and prevent airflow vibration or filter collapse. Each filter is individually tested to ensure performance & safety. Easy quick change installation

PX113505

*Call for pricing***Purex Labyrinth 300 Bag Filter 2Pk – Alpha 300/400**

This pre-filter is compatible with Purex 300/400 series extraction units. It has been designed to capture larger particles before they can enter the Main HEPA filter and extends its life. This efficient filter was specially designed to capture 20 times more particles than main filter alone. It can effectively handle sticky or moisture laden particles by trapping and collecting particles for clean & simple disposal.

PX202274

Air Extraction Systems are specifically designed to prevent personnel from inhaling hazardous fumes and dust generated by the laser process.

Drytac JetMounter™ Series

The JetMounter series includes two motorized roller, table-top laminators (available in 26" and 34" widths). These units are operated by foot-switch, leaving both of your hands free to handle the work being processed. This series is designed for mounting and laminating inkjet outputs, however they are equally capable of handling photographic or any printed media. For even greater efficiency, both models include a supply shaft as well as self-checking photo cells to protect your fingers while you work.

DTJM26	26" Motorized Table Top Laminator	\$1,395.00
DTJM34	34" Motorized Table Top Laminator	\$1,695.00

Drytac Manual Table Top Laminator

This hands-free 25" table-top laminator is our economical solution for small photo studios, copy shops or anyone that requires a quick mounting and laminating solution for small pieces. With its simple durable construction the ML25 is super easy to operate. This compact unit also folds up for effortless transport and storage when not in use.

DTML25	25" Manual Table Top Laminator	\$395.00
--------	--------------------------------	----------

Royal Sovereign 27" Hot & Cold Table Top Laminator

Don't let this laminators compact size fool you as it is a work horse in every respect! It's designed to allow for easy desktop operation. Great for both hot and cold single-sided lamination requirements. The Royal Sovereign Hot & Cold Table Top Laminator features user friendly digital speed and temperature controls with high quality independently heated silicone rubber rollers. It laminates thermal and pressure sensitive films up to 27" wide and 7/32" thick. Upper and lower roller temperature controls along with 9 programmable memory presets allow quick access to your most often used settings. It also makes this laminator a great choice.

SL2702	27" Hot & Cold Table Top Laminator	\$3,700.00
--------	------------------------------------	------------

Royal Sovereign 32" Cold-Only Laminator With Stand

This economical 32" cold only laminator is ideally paired with 30" cutters and printers. The compact design and user friendly digital controls ensures speed and efficiency in your work flow. It allows laminating and mounting up to 32" wide and 9/32" thick. Complete with a stand and casters, this laminator allows mobility around your work area. Featuring high quality silicone rubber rollers and auto-grip hubs for easy replacement of media rolls. Complete with a take up system and a foot pedal for hands free operation.

RSC820CLS	32" Cold-Only Laminator With Stand	\$3,190.00
-----------	------------------------------------	------------

Note: Large format laminators are also available by special order

Retractable 2 Single Sided Silver Base with Clamp

A classic style roll up self-winding banner stand with durable all-metal construction and reinforced side plates. The Retractable 2 comes equipped with its own nylon carrying bag and two top rail styles; self-adhesive or clamp (great for fabric media). It is ideal for short term displays and is lightweight making it easy to transport. Assembled dimensions: 33.5" wide by 78.875-79.25" height depending on the top rail style in use.

DMSRET285CS Retractable 2 Single Sided Silver Base with Clamp \$101.00

The Boost™ - 33-1/2 with Cardboard Tube and Carry Bag

The Boost™ is an economical and sturdy roll up style banner stand with a silver base. The round steel foot stabilizes the base and locks the pole into position to help keep the banner standing straight and prevent it from rocking. The Boost™ includes a convenient cardboard tube and nylon carrying bag. Great for in-store promotions and advertising campaigns. Assembled dimensions: 33.5" wide by 82" height.

DMSBST085 The Boost-33-1/2 with Cardboard Tube and Carry Bag \$55.00

MyMAGO Banner Stand

Breaking away from the traditional retractable banner stands. The MyMAGO Banner Stand versatility to become a 2-sided banner stand in just a few seconds allows the user to showcase your message front and centre. Save money on media cost as the MyMAGO Banner Stand has minimal bleed requirements and not to mention the quick and easy set-up. Assembled dimensions: 31.5" width by 78.75" height.

LPMMSU2000850SPKG MyMAGO™ Banner Stand Pkg w/2 Zticks 0.85m x 2m \$210.00

DID YOU KNOW?

Make the most of your banner stand by replacing the graphics and re-using the stand. Be sure to keep the key located at the bottom of the foot, just in case.

Find Banner media on page 10.

ACCESSORIES & MEDIA STORAGE

Pre-Mask Tape

This light-tack, heat-resistant tape is an ideal solution for working with small lettering, and a perfect companion when working with sign vinyl. It is conveniently reusable and is offered in two sizes.

LT3	Pre-Mask Tape - 3 1/4" x 100 yards	\$27.35
LT24	Pre-Mask Tape - 24" x 100 yards	\$111.40

Steel Edge Ruler

A knife can slip on a flat ruler and cut you. Steel edge rulers are specifically designed for your safety while providing a user friendly method of trimming banners and other media quickly and efficiently. The comfortable "No Pinch Safety Guard" provides a barrier between the knife and your hand preventing accidents in the shop while at the same time giving you a straight and true cut, every time! The extra wide 3.6" base contains a thin, super grip, non-slip backing that will hold your media into place to guarantee a straight edge. Steel Edge Rulers feature a chromium steel cutting edge with red baked on powder coating that provides durability that will last. Available in a variety of sizes to suit your needs.

DMS438	28" Steel Edge Ruler	\$67.15
DMS439	40" Steel Edge Ruler	\$85.25
DMS440	52" Steel Edge Ruler	\$119.95
DMS441	64" Steel Edge Ruler	\$146.95
DMS442	76" Steel Edge Ruler	\$157.45
DMS443	100" Steel Edge Ruler	\$223.10

Self-Healing Cutting Mat

Cutting mats make the job of cutting and trimming long sheets and rolls of media easier while also protecting the surface of your production table. These smooth, seamless, self-healing mats allow cutting of clean, razor straight edges while helping your blades to last longer. Offered with or without the grid, these mats feature a translucent, non-glare surface which won't obstruct your vision even under direct light. These mats are knife and solvent proof providing a durable solution that you can rely on. Available with 1" alignment grids to easily align media and cut desired dimensions. These mats easily roll up for shipping or storage.

DMS151	2'x4' Self-Healing Cutting Mat	\$39.50
DMS159	6'x4' Self-Healing Cutting Mat	\$120.65
DMS152	8'x4' Self-Healing Cutting Mat	\$159.40

DMS7019	Set of 4 Locking Casters
DMS9524A	4' Wide Roll Holder
DMS9524B	5' Wide Roll Holder

Iron Man 16 Roll Mobile Storage Cart

Heavy rolls of media are valuable and sensitive. Easily organize media & eliminate clutter by removing rolls from difficult to access shelves, or laying on the floor where they can become easily soiled or pose safety hazards. The Iron Man 16 Roll Mobile Storage Cart is a convenient solution to safely organize and store up to 16 rolls of media. It ensures that rolls remain upright due to the secure fit of the 2" by 17" spindles, which allows for easy access and return to the storage unit.

Iron Man 16 Roll Mobile Storage Cart - Black
 Available upon request.

FINISHING PRODUCTS

Banner Ups® Tabs, PowerTabs® and EdgeTabs®

Banner Ups® Tabs, Banner Ups® PowerTabs® and Banner Ups® Crystal Clear EdgeTabs® offer a quick and easy solution to hang banners without sewing or grommeting – No special tools required! They provide an economical alternative to traditional grommets and are available in a variety of configurations to fit every need. They are less conspicuous than grommets, blending into the banner for a clean, chic finish - especially when using clear tabs.

PowerTabs® are available in white and clear and are suitable for heavy-duty outdoor use. Both Banner Ups® Tabs® and PowerTabs® can be mounted horizontally, vertically and Banner Ups® Tabs® can even be mounted on a 45 degree angle.

Banner Ups® Crystal Clear EdgeTabs® are available in clear only and are suitable for light duty or indoor hanging banners. Due to their rectangular shape, Crystal Clear EdgeTabs® may be used at corners as an alternative or when additional fastening points are desired along banner edges.

DMSBAN001100	Banner Ups® Tabs White - 100 Pk.	\$43.25
DMSBAN011100	Banner Ups® PowerTabs® White - 100 Pk	\$37.30
DMSBAN014100	Banner Ups® PowerTabs® Crystal Clear - 100 Pk	\$65.50
DMSBAN016100	Banner Ups® EdgeTabs® Crystal Clear - 100 Pk	\$50.40

Banner Ups® PowerTape®

Eliminate the need for traditional banner finishing methods (fold, hem, grommet etc.) with this quick & easy solution to reinforce the banner edge. Using PowerTape® will remove the risk of potential damage to the image by post-print sewing. It has been specifically designed to create less wrinkles and reduce edge curl, converting your image into a quality product that your customers will appreciate.

DTACC9350	Banner Ups® PowerTape® 1.5" x 36 Yd	\$35.25
-----------	-------------------------------------	---------

Double Sided MegaTape®

A quick & easy solution to create the look of a traditional, fold-finished banner edge. It creates a durable, clean banner hem with even greater strength than ordinary double-sided banner hem tape and even PowerTape®. The superior rigidity of MegaTape® makes it much easier to produce a firm, sharp edge than with traditional double sided hem tapes. MegaTape® can be used for both single sided and double sided banners.

DMSMEGATAPE1	Double Sided MegaTape® 1.5" x 30 Yards	\$42.30
--------------	--	---------

FINISHING PRODUCTS

Super Duty PowerPunch™

A heavy duty hand-held punch capable of easily punching holes into thick banner media. This easy to use punch cuts through Banner Ups® PowerTabs®, PowerTape® and heavy duty banner substrates cleanly, with little effort. Its relatively small size and light weight construction make the Power-Punch™ completely portable and significantly more economical in comparison to traditional bench top grommet press methods. It is capable of cutting through substrates up to 4.5mm thick and was specifically designed to punch 5/16" sized holes (perfectly sized for the center-hole of PowerTabs®). The punch is replaceable ensuring long term durability far greater than paper punches or single-hole dies, which become dull quickly.

DMSPPUNCH	Super Duty PowerPunch™	\$60.45
-----------	------------------------	---------

Grommet Press Package

The TEP-3 Deep Throat Grommet Attaching Machine is a grommet press made of durable, heavy duty cast iron. It is the perfect hand operated grommet attaching machine for semi-professional usage and is a must have for any shop. The TEP-3 offers affordability, portability and requires absolutely no maintenance. It holds interchangeable dies up to #5 (5/8") and is suitable for numerous materials. The TEP-3 Grommet Press can be bench mounted or free standing on whichever counter-top or table is most convenient for you. The Grommet Press Package includes: A TEP-3 Deep Throat Grommet Attaching Machine, 500 x #2 (3/8") nickel finish, self-piercing grommet & washer sets, 2-piece grommet die set, an instruction booklet & 4 x mounting screws with allen key to easily mount the grommet press to table.

GRMTPK	Grommet Press Package (Machine, Dies, 500 piece Grommets/Washers)	\$356.70
--------	--	----------

GRMTRP	3/8" Self Piercing Nickel Grommets - 500 Pk.	\$72.00

The trade discount is designed to reward you for your purchases by providing a percentage off your order when you buy from Stahls' on a regular basis. The more you buy, the more you save. There is no need to sign up to receive the discount; if you have a Stahls' Canada or Stahls' DMS account number, you're already enrolled.

Stahls' Trade Discount: At a Glance

Your Stahls' Trade Discount percentage is based upon the dollar amount of your purchases for the past 12 months.

Once a base trade discount level is earned, it's good for 12 months; however, your account will be reviewed quarterly to see if you are eligible for an even higher trade discount percentage. Your trade discount will automatically be deducted at checkout.

Annual Purchases	Trade Discount % OFF Standard Canadian Price List
\$1,500 to \$4,999	3%
\$5,000 to \$9,999	4%
\$10,000 to \$19,999	5%
\$20,000 or higher	6%

Trade discounts are applied to all sales except equipment, inks and select Epson® and Viper consumables. (Other exceptions may exist and are subject to change.) We apologize; but at this time, your Stahls' Trade Discount cannot be applied to purchases from other GroupeSTAHL companies. Stahls' Canada maintains the right to withhold trade discounts on accounts that are not in good standing.

TO ORDER

Order online at Stahls.ca

PHONE IN YOUR ORDER: 800-521-5255

Order Dept. Hours: M-F, 8:00am - 7:00pm, EST

Please have your customer number, postal code or phone number available. For quality control purposes, your call may be monitored or recorded.

PICK-UPS: 8:30am - 5:00pm

Western Provinces: 5303-97 Street Edmonton AB T6E 5M6

FIRST TIME ORDERS:

First orders can be made with a valid credit card; a customer profile is required thereafter. Our team will help you create a customer profile. A customer profile and tax I.D. resale certificate are required to set up an account.

EMAIL YOUR ORDER: CANADA@STAHLSCANADA.COM

Our 24-hour fax line is always open for taking orders. Please request a Fax Information Pack for faxing orders. Fees may apply to hand written orders.

ORDERS CANNOT BE MODIFIED ONCE PLACED.

Stahls' Canada makes every effort to stock a variety of items, colours, and materials. In the event of a back order, you will be notified of availability, alternatives and charges.

HANDLING FEE: There is a \$2.50 handling fee on orders under \$75. There is no handling fee on orders \$75 or greater.

TECHNICAL SUPPORT: Stahls' Canada

800.521.5255 or 586.772.9868 M-F 8:30am - 5:00pm

SHIPPING/PAYMENT

SHIPPING: NEXT DAY, TWO-DAY, GROUND

Saturday delivery available upon request.

Orders ship UPS Ground unless otherwise specified. All orders are shipped FOB from Stahls' Canada warehouse. We cannot accept liability for the failure of any carrier to fulfill a promised delivery time. Stahls' Canada may ship an order in separate packages.

FINANCIAL SERVICES: 800-521-5210

Dept. Hours: M-F, 8:00am - 6:00pm, EST

Stahls' Canada offers two payment methods:

1. Visa, MasterCard
2. Stahls' Canada Net 30 Account (requires approval)

Orders will be shipped using a major credit card or payment in advance until credit has been established.

Payment by Mail:

Stahls' Canada
13 - 3120 Rutherford Road Suite 260
Vaughan, ON L4K 0B2

New customer account forms are available online, Stahls.ca, or call Stahls' Financial Services.

Past Due Accounts/Returned Checks

2% per month charged on past due accounts. Orders on past due accounts may be delayed. Accounts with returned checks are subject to a \$40.00 per check service charge.

RETURNS

COMPLETE ROLLS/YARDAGE

Damage free materials can be returned within 30 days with a 20% restocking fee.

CUSTOM/NON-STOCK ITEMS CANNOT BE RETURNED.

Custom designs and items cut to order from non-stocked colours, styles or fabrics are non-returnable because these items have been cut specifically for you.

SOFTWARE, PRINTERS, CUTTERS, LAMINATORS AND CD'S CANNOT BE RETURNED.

DAMAGE DUE TO FREIGHT CARRIER

Packages received damaged should be noted as such with carrier at time of delivery. Stahls' Canada must be notified immediately and product must be kept in original packaging for carrier evaluation and/or return when applicable. Our 30 Day return policy will still apply. Damaged equipment should be photographed, if possible.

REQUEST FOR RETURN AUTHORIZATION

must be made within 30 days of invoice date. In order to process your return quickly and accurately, returns can only be accepted with a Return Authorization Number (RA) issued by our Customer Service Quality Department; RA Numbers are valid for 30 days from the date issued. All returned merchandise should be in its original condition. Product or equipment returned without a RA Number will be refused and will not be processed for credit.

Please indicate RA# on packages and send to:

Stahls' DMS
140 Snow Boulevard Units 1-3
Concord, ON L4K 4C1
Attn: Return Department with RA Number.

PRODUCT GUARANTEE

We guarantee to replace any item that is defective in materials and workmanship free of charge, within 30 days of delivery. Our liability is limited to the value of Stahls' Canada products only. There are no other warranties, express or implied, including but not limited to express or implied warranty of merchantability or fitness for a particular purpose.

Prices in this book reflect Canadian dollars. Stahls' Canada and Stahls' DMS product availability and prices are subject to change.
