

CAD-COLOR® Chroma-TWILL™

Special Effect, Full-Color Fabric Logos

Create premium full color designs with CAD-COLOR® Chroma-TWILL™, the latest innovation in printable HTV! Use this material with your solvent and eco-solvent print/cut systems to offer unique looks featuring an iridescent color shift and traditional feel of woven fabric.

- Premium full color designs
- Fabric feel with no sewing required
- Trendy high-gloss finish with iridescent effect

ELEVATE YOUR APPAREL WITH STANDOUT LOOKS

CAD-COLOR® Chroma-TWILL™ blends the feel of woven fabric with a glossy, shifting color effect. It works with both solvent and eco-solvent print/cut systems, so you can venture into new markets and profit opportunities with special effect full-color designs.

NO SEW FABRIC FINISH

CAD-COLOR® Chroma-TWILL™ features a woven fabric texture that applies to cotton and polyester with just a heat press. Create standout designs with premium value, dimension, and texture!
