

# Full Color Printing Without Limitations

CAD-COLOR® Printable HTV is your full color solution for creating vibrant designs for any job. The full line of printable materials covers the widest variety of fabric types and garment colors—from athletic wear and fashion apparel, to corporate looks, accessories, and beyond. Use your print/cut machine to create high-quality designs that set you apart.

## GREAT FOR:

- Full color graphics in basic or special effect finishes
- Decorating multiple fabric types
- Solvent and eco-solvent printers

## STANDARD

Perfect for vibrant designs with an extremely soft feel.

### Express Print®

- Durable and lightweight
- Fast dry time and quick to mask
- Semi-matte, high-quality finish

### Soft Opaque II

- Thin, lightweight, and soft hand
- Semi-matte, opaque finish
- Ideal for light and dark-colored T-shirts, hoodies, and fashion wear

## PERFORMANCE

Low-temp printable HTV for a variety of heat-sensitive fabrics.

### SuperTEK® Sublistop™

- Excellent stretch and rebound for performance fabrics
- Semi-matte finish
- Charcoal-based adhesive inhibits dye migration

### SuperTEK® Gloss/Matte Clear

- Lightweight, stretchable, incredibly soft hand
- Superior gloss or matte finishes
- Patented StiX2™ adhesive

### SuperTEK® Opaque

- Lightweight, incredibly soft hand
- Semi-matte finish
- Low-temp application won't damage performance wear

## SPECIAL EFFECTS

Ideal for creating unique graphics with shine or dimension.

### Glitter

- Printable glitter for fashion wear, cheer, and fan wear
- Unique glitter finish that won't crack or peel
- Dries quickly

### Soft Foam

- Specialty printable HTV with a slightly raised look
- Soft, muted colors with ultra-matte finish
- Smooth, velvet-like texture

*CAD-COLOR® printable vinyl must be masked before heat application.*
