

CAD-CUT® UltraWeed™

Your Go-To Material for Everyday Projects

There is no debate — CAD-CUT® UltraWeed™ is the go-to heat transfer vinyl your business needs. We've combined a low application temp with frustration-free cutting and weeding to bring you a vinyl so easy you'll be reaching for it for every project.

GREAT FOR:

- *Everyday Projects*
- *Effortless Weeding and Cutting*
- *Low-temp Applications*

LOW-TEMP APPLICATION

UltraWeed™ can be applied as low as 260°F, making it the ideal vinyl for decorating tri-blends and other heat-sensitive fabrics.

ULTIMATE WEEDING & CUTTING EXPERIENCE

The flat carrier ensures frustration-free cutting on any vinyl cutter. The tacky carrier not only helps the design stay put during weeding but also makes repositioning easy and prevents material breakage.

QUICK & EASY LAYERING

The crystal clear, tacky carrier makes lining up and applying each color easy. Tack the background layer down for just 3 seconds and peel hot, speeding up your production.

YOUR GO-TO HTV

UltraWeed™ is the perfect HTV for everyday heat printing projects. With its versatility, ease of use, and fast application, you can be confident you have the right material from start to finish.

STAHL'S

The industry's premier source for heat printing products, services and equipment for team dealers, screen printers, embroiderers, and promotional product distributors.
