Stahls' Adds Two Sizes to CAD-COLOR[®] Express Print

Stahls' [CAD-COLOR[®] Express Print](#) is now available in 30-inch and 54-inch widths, as well as 20-inch wide rolls. This printable heat transfer material is ideal for customizing any apparel made of 100% cotton, 100% polyester, 50/50 blends and Lycra[®] spandex in light and dark colors.

Thin and lightweight, it features a matte finish. It cuts and weeds easily and dries quickly and is ready for masking in only two hours. [Magic Mask[®] - Medium Tack](#) is required to remove printed graphics from the carrier with this product.

CAD-COLOR[®] Express Print is available in 1-, 5-, 10- and 25-yard lengths. A 15 percent discount is automatically applied to online orders. For more information, go to <http://www.stahls.com/printable-heat-transfer-material-express-print>.
