Stahls' Launches Lettering New Layout Guide

Providing quick and easy alignment for individual letter placement, the new Stahls' [Lettering Layout Guide](#) allows you to create straight, arched, and slanted pre-spaced text without a cutter. A 20-inch standard ruler is labeled across the bottom, along with a split ruler to make centering a cinch. The layout guide also includes multiple options for arched and circle text with guidelines for both, assuring perfect placement each and every time.

The layout guide comes in a textured laminate for easy mask or tape removal, making letter adjustments much easier. Designed for use off the press, take the 14" x 20" repositionable Stahls' Lettering Layout Guide to different application stations or to special events for onsite decoration.

Make the move from Lettering Layout Guide to garment simple and easy with multi-use [High Tack Magic Mask® Strips](#). These 3.6" x 20" strips are included with the Layout Guide.

Check it out at <http://www.stahls.com/lettering-layout-guide> .

Stahls', a GroupeSTAHL company, is a world leader specializing in the development, manufacturing, and distribution of heat printing technologies.
