Stahls' Celebrates New Texas Location With Open House

On Nov. 19 and 20, 2015, [Stahls'](#) celebrated the grand opening of a new location in Irving, Texas, with an event dedicated to all things heat printing.

The Stahls' Texas Open House kicked off with a ribbon-cutting ceremony with Executive Chairman of the Board Ted Stahl, his wife Mary and the ambassadors from the [Dallas Regional Chamber of Commerce](#), the Greater [Irving/Las Colinas Chamber](#) and the [Irving Hispanic Chamber of Commerce](#) participating.

Attendees then had the opportunity to check out the facility, get acquainted with Stahls' staff, network with colleagues and industry professionals and enjoy refreshments.

Classes also were held throughout both days in English and in Spanish, with topics ranging from heat printing basics to creating vinyl-cut logos and targeting specific heat transfer markets, including teams, schools and businesses. And hands-on workshops and demos provided decorators with a chance to expand their skills, test-drive equipment and print their own apparel.

Stahls' Texas will offer education and training, a showroom and a warehouse where nearby customers can pick up orders. It will focus on providing area decorators with products tailored to their specific markets and needs.

Stahls', a GroupeSTAHL company, is a world leader specializing in the development, manufacturing, and distribution of heat printing technologies. Stahls' provides customers with the most cost effective and efficient ways to decorate garments. Stahls' is located in St. Clair Shores, MI with GroupeSTAHL operations located throughout North and South America, Europe, Asia, and Australia.
