## WINDOW DECALS

Always apply decal to a smooth, clean, surface.

Carefully remove decal from paper liner.

Moisten surface with soapy water to aid in positioning. Start with one end or corner of design and apply.

Smooth design with a straight edge tool such as a squeegee or credit card.

Start at one corner of the design; slowly remove the transfer tape carefully pulling at a 180 degree angle.

Your design will arrive masked with a transfer tape on the logo side and is mounted on a paper backing.
