HELMET NUMBER & CUSTOM STICKERS

Always apply graphic to a smooth, clean, dry surface.

Carefully remove graphic from paper liner.

Position Graphic

Apply sticker in a way as to minimize wrinkling, creasing, folding, tearing, etc.

Stickers may not adhere properly on used helmets due to regular wear and tear that can occur during play. For slightly used helmets, place the sticker in an area that is least worn. Be sure not to cover or remove the warning and certification stickers. This will void the warranty and certification from the manufacturer.
