

TOP 10 HEAT PRESS ACCESSORIES YOU NEED TO SUCCEED

1 COVER SHEETS

Helps protect the upper platen of your heat press from stains, inks, and adhesives, and protects the garment you're decorating.

2 PILLOWS & PADS

Elevate your printing area to ensure even pressure and prevent scorch marks caused by collars, buttons, seams, zippers, and other raised areas.

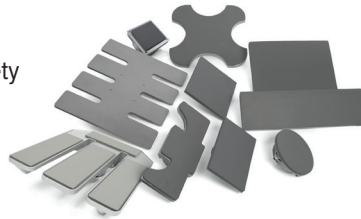

3 PLATEN COVERS

Protect your upper and lower heat press platens with our variety of reusable covers.

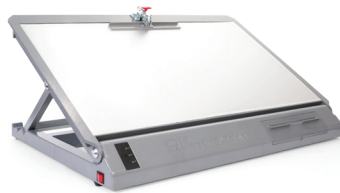

4 QUICK CHANGE PLATENS

Use interchangeable platens to decorate a wide variety of apparel and accessories. Platens are compatible with Hotronix® and MAXX® brand heat presses.

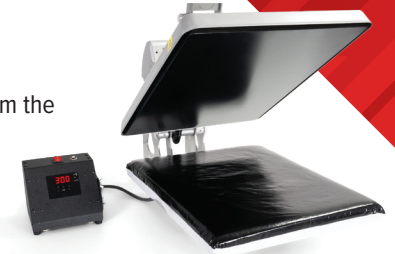

5 EZ WEEDING™ TABLE

Use this patented table to heat warm or hot peel HTV when weeding. The bond between heat transfer vinyl and its carrier loosens when heated, resulting in easier weeding with less material breakage.

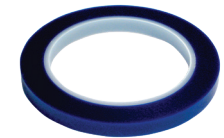

6 POWER PLATEN™

Available in four sizes, these platens apply heat from the lower platen for a quicker bond between adhesive and fabric while applying less heat to the face of heat-sensitive garments.

7 THERMO-TAPE™

Heat-resistant tape holds loose letters and numbers in place before and during heat press application.

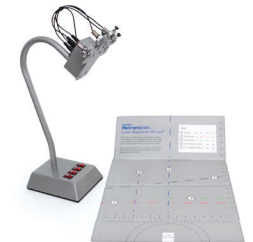

8 EZ WEEDER®

This handy tool helps you easily weed CAD-CUT® and CAD-COLOR® graphics.

9 LASER ALIGNMENT SYSTEM

Compatible with any brand of heat press, this table-top unit comes with four adjustable lasers to ensure consistent placement of designs every time.

10 LETTER & NUMBER STORAGE BOX

These corrugated cardboard storage boxes come with plastic inserts to keep letter and number inventory organized.
